Production: 1998,1999,2000,2001,2002,2003,2004,2005,2006

The GMT800 Silverado/Sierra 1500 as well as 2500 (non HD) (light pickup) were launched in 1998 as 1999 designs. The "timeless" light-duty GMT400 C/K vehicles were proceeded in manufacturing for that very first year along with the brand-new designs, as well as the Sturdy GMT400 pick-ups (along with the GMT400 SUVs) were proceeded with 2000, with the brand-new GMT800 Silverado/Sierra HD (Strong) being presented. A little refresh was presented in 2002, bringing small layout modifications and also an upgrade to the sound and also HEATING AND COOLING controls. The 2007 manufacturing devices utilized the name timeless to signify the distinction in between the very first and also 2nd generation vehicles.
